# WHY VIETNAM

- ✓ Two- way trade between the US and Vietnam totaled 35 billion last year, accounting for 22 percent of US trade with ASEAN and making **Vietnam the single largest ASEAN supplier to the US market.**
- ✓ **The Trans-Pacific Partnership (TPP)** trade deal was finally signed on Oct. 6, 2015 after years of negotiations. The 12 countries participating in the agreement, Japan, Vietnam, Brunei, Malaysia, Singapore, Australia, New Zealand, Canada, the US, Mexico, Peru, and Chile encompass 40% of global trade.
- ✓ **TPP is an enormous opportunity for Vietnam.** This high-standard trade agreement will mean exciting opportunities for Vietnam's businesses and entrepreneurs, because it opens new trade and investment opportunities as barriers fall.

# WHY VIETNAM

- ✓ **Vietnam is an Asia Tier 1 emerging-market location**  
*(Gartner Leading Global Locations for Offshore Services, 2014)*
- ✓ **Vietnam is in the Top Ten Global Services Location**  
*(A.T. Kearney Global Services Location Index 2011 & 2009 )*
- ✓ **Ho Chi Minh City and Hanoi are in Top 20 Outsourcing Cities**  
*(Tholons Top Outsourcing Destinations, 2015)*
- ✓ **Vietnam is in top 10 countries with most engineering graduates**  
*(World Economic Forum in 2015 on 128 countries (Forbes)*
- ✓ **Vietnam is #1 in competitive cost**  
*(Tower Watson, Services Offshoring Ranking 2013)*

# WHY VIDG

## VIETNAM IT DEVELOPMENT GROUP

- ✓ With a **network of IT well experienced professionals in the US**, VIDG can assist IT American companies to explore, identify and develop business opportunities in Vietnam.
- ✓ With cooperation of **IT Associations, Companies** in Vietnam, VIDG can provide American IT companies with reliable business matching services.
- ✓ With our understanding of both **Vietnamese and American cultures**, VIDG can create a mutual understanding between Vietnamese and American companies to facilitate their business cooperation effectively.

**In brief, VIDG is an effective and committed connection between IT companies in Vietnam and in the US.**

# OUR OBJECTIVE

The objective of the Vietnam IT Development Group (VIDG) is to develop and maintain **a network of IT professionals and companies in the US and in Vietnam** that are interested in cooperating with each other.

“We Bring People Together”

# OUR SERVICES

- To provide **outsourcing services** between Vietnamese and American IT companies.
- To design and implement **IT related training programs** based on the needs of the IT companies in Vietnam.
- To organize **networking events** to promote business cooperation between American and Vietnamese IT companies.

# OUR TEAM

**Mr. Christopher Runckel, Portland, OR** has had a long association over his career with Asia. In 1994, he was assigned to Hanoi as the first permanently assigned U.S. diplomat since the Vietnam War. After his retirement from the US State Department, Mr. Runckel works extensively on various projects related to trading, investment, IT and to education all over Asia.

**Dr. Duvan Luong, Palo Alto, CA** received his Ph.D. in Information and Computing Science from Lehigh University in Pennsylvania. Duvan had 30 years of practicing operational excellence in various leading software companies. Duvan has been very successful in communicating, selling and delivering results for the ideas and practices for operational excellence; improvement in product generation, productivity quality and customer satisfaction.

**Mr. Vinh Nguyen, Austin, TX**, an executive with extensive experience leading large and global information technology driven organizations. Skilled in energizing global team collaborations, automating and streamlining business processes, and providing timely, simple, and integrated solutions to best support company business models.

**Mr. Trung Trinh, Washington DC area**, a graduate from Saigon Law School, has been working between the US and Vietnam since 1995 to develop business cooperation and services in many areas: from trading, investment to education and training programs. With background in Human Resource Development in Vietnam and in the US, Mr. Trinh is responsible for the operations of the Vietnam IT Development Group.
